

# A GUIDE TO WOUND TYPES AND DRESSINGS

In conjunction with wound care guidelines

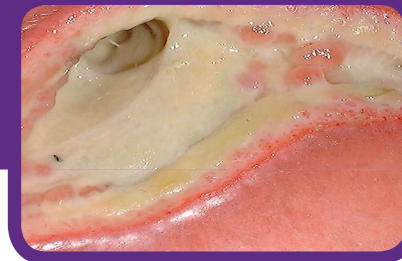

**Epithelialising**

Promote epithelialisation and wound maturation

**Granulating**

Promote granulation. Provide healthy base for epithelialisation

**Sloughy**

Remove slough/provide base for clean granulation

**Necrotic**

Debride (unless hard Diabetic necrosis) rehydrate eschar

**Fungating and/or malodorous**

Manage complex wound (e.g. bleeding, exudate malodour, size, site)

**Sinus**

Manage exudate, investigate cause

**Infected/critically colonised**

Manage infection and associated wound characteristics

Treatment Choice	Primary	Secondary	Primary	Secondary	Primary	Secondary	Primary	Secondary			
<b>Low exudate</b>	Atrauman <b>or</b> Softpore <b>or</b> Hydrofilm <b>or</b> DuoDerm Extra Thin	Gauze secured with Clinifast <b>or</b> Comfast	Atrauman <b>or</b> Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> DuoDerm Extra Thin <b>or</b> KerraLite Cool Border	Gauze secured with Clinifast <b>or</b> Comfast	Intrasite Conformable <b>or</b> Comfeel Plus Transparent <b>or</b> Medical honey <b>or</b> Medihoney HCS	Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Zetuvit E	Intrasite Conformable <b>or</b> Comfeel Plus Transparent <b>or</b> Medical honey <b>or</b> KerraLite Cool Border	Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Zetuvit E	Medical honey via syringe, Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Medihoney HCS <b>or</b> KerraLite Cool Border	Medical honey via syringe, Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> KerraLite Cool Border	Inadine <b>or</b> Medihoney Tulle with Biatain Silicone <b>or</b> Kliniderm foam silicone
<b>Medium exudate</b>	Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Exufiber <b>or</b> Suprasorb A <b>or</b> Comfeel Plus Transparent	Biatain Silicone <b>or</b> Kliniderm foam silicone	Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Exufiber <b>or</b> Suprasorb A <b>or</b> Comfeel Plus Transparent <b>or</b> KerraLite Cool Border	Biatain Silicone <b>or</b> Kliniderm foam silicone	Exufiber <b>or</b> Suprasorb A <b>or</b> Medihoney Honey Apinate <b>or</b> Medihoney HCS	Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Kliniderm superabsorbent <b>or</b> Zetuvit E	Intrasite Conformable <b>or</b> Comfeel Plus Transparent <b>or</b> Medical honey <b>or</b> KerraLite Cool Border	Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Kliniderm superabsorbent <b>or</b> Zetuvit E	Medical honey via syringe, Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Kliniderm superabsorbent <b>or</b> Medihoney HCS <b>or</b> Exufiber <b>or</b> If odour – Durafiber Ag with Zetuvit E and CliniSorb	Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Exufiber <b>or</b> Suprasorb A with Biatain Silicone <b>or</b> Kliniderm foam silicone <b>or</b> Medical honey via syringe, Biatain Silicone <b>or</b> Kliniderm foam silicone	1 <sup>st</sup> – Iodoflex 2 <sup>nd</sup> – Medical honey <b>or</b> Medihoney Honey Apinate <b>or</b> Medihoney HCS <b>or</b> Consider Cutimed Sorbact Swab <b>or</b> Durafiber Ag or Suprasorb X PHMB with Zetuvit E <b>or</b> Biatain Silicone / Kliniderm foam silicone <b>or</b> Kliniderm superabsorbent
<b>High exudate</b>			Exufiber <b>or</b> Allevyn Life <b>or</b> Consider TNP	Exufiber with Kliniderm superabsorbent	Exufiber <b>or</b> Medihoney Honey Apinate <b>or</b> Medihoney HCS <b>or</b> Consider TNP	Biatain Silicone <b>or</b> Kliniderm superabsorbent	Intrasite Conformable <b>or</b> Medical honey <b>or</b> Medihoney Honey Apinate <b>or</b> Medihoney HCS	Biatain Silicone <b>or</b> Kliniderm superabsorbent	Medical honey via syringe, Biatain Silicone <b>or</b> Kliniderm superabsorbent <b>or</b> Medihoney HCS <b>or</b> Exufiber <b>or</b> If odour – Durafiber Ag with Kliniderm superabsorbent and CliniSorb No odour – Allevyn Life	Exufiber <b>or</b> Suprasorb A with Kliniderm superabsorbent <b>or</b> Medihoney Honey Apinate with Kliniderm superabsorbent	Iodoflex <b>or</b> Medical honey <b>or</b> Medihoney Honey Apinate <b>or</b> Medihoney HCS <b>or</b> Consider Cutimed Sorbact Swab <b>or</b> Durafiber Ag <b>or</b> Suprasorb X PHMB with Kliniderm superabsorbent

**SILVER FOR ONLY 2 WEEKS USE**
