### Part 3 (Topical antimicrobials)

Patient name.....D.O.B.....Date of Request.....

• **For management of critically colonised and infected wounds only**

Please see critically colonised or infected wounds Sign Checker; Wound Formulary Appendix 6 page 29 and 30.

- All antimicrobial dressing should be used **initially for two weeks only**. If after reassessment the need for further antimicrobial use is indicated this should be documented in the patient's notes together with the rationale.
- **Expert advice and guidance** should be sought if antimicrobial dressings are required for a longer period than 2 weeks.
- Guidance on the selection of antimicrobial dressings can be found on; Wound Formulary page 27
- **The number in brackets is a suggested order number, smaller quantities can be issued**
